MEC600[®]

OEM - approval

**Made in
Germany**

Metal Edge Cutter

MEC600®

wheel arches

car tops

- two milling depths - 0,8 mm for steel and 1,2 mm for aluminium sheets (max.)
- variable angel positions enable a **generally car type application**
- innovative tungsten carbide special milling cutter
- high work process-secure
- **no flying sparks****
- no heat treatment on the car body necessary
- quick tool change

NEW

* LSN = Laser welding seams
** when used with a high performance cutting oil

The **ALL-IN-ONE tool**
for a reliable separation
of the outer skin

sills / rocker panels

tech. Data

pressure:	6,3 bar max.
power:	600W
speed:	20.000 rpm
noise:	77dB(A)
vibration:	3.6m/s ²
hose length:	3100 mm
weight:	2,05 kg

scope of delivery:

- 1 x basic unit pneum. cpl.
- 1 x metal edge tool MEC600
- 1 x locking nut MEC600
- 1 x HM flat head cutter Long Life
- 1 x Setting gauge MEC600
- 1 x protective cap
- 1 x allen key
- 1 x instruction manual

Item N° 640080

Depth adjustment gauge
for an optimum milling depth

metal sheet thickness 0,6-1,5 mm

Item N° 640052

milling cutter **Long Life**

Cutter tip with innovative cutting geometry

Ø 6 x 95 mm
Item N° 640063

milling cutter **ALU**

Ø 6 x 95 mm
Item N° 640062

milling cutter LSN*

*LSN = Laser welding seams

Ø 6 x 95 mm
Item N° 640069

depth stop
minimizes the risk of damaging the underlying sheet metal

BTR-Fluid 125 ml

Item N° 628000

Drill WAX lubricant 65g for ALU-mills

Item N° 640067

APPLICATION

MEC600 has been developed for the reliable separation of welding seams and the precise removal of outer skin.
