

Auto Repair Parts Stand FY - E205W

Part number: ZHUFYE205W

Pictures are for illustration purposes only - actual product may differ from images

A moveable storing stand designed with multilevel racks that can carry and store a variety of different automotive parts, it allows organization and a more orderly and tidy working environment.

The parts storage stand has a strong and durable pedestal and tray system, and multiple holes in the uprights allow for adjustable tray heights.

One-piece designed with pedestal and tray, strong and durable.

With multi-hole design, tray height can be adjusted to your requirements.

Technical Parameters

Dimensions:	1120 X 1250 X 1900mm
Weight:	42 Kg
